

Colton Police Department Code Compliance Division Presents:

Simple Solutions to Enhance Your Property

Does your yard look like this?

Low Cost Solutions

Decorative Rock - Landscape rocks help to stabilize ground surface moisture level, thereby reducing your need to water

Low Cost Solutions

Bark or Wood Chips – Helps reduce water usage and helps to keep soil from compacting or hardening.

Low Cost Solutions

Decomposed Granite – Resembles sand and offers excellent drainage for yards. Easy to maintain.

Low Cost Solutions

Grass Landscape – Traditional landscaping option. Can be low maintenance in small spaces.

City of Colton Municipal Code Requirements for Landscaping

1. Front, side yards and parkways are required to be landscaped (except for improved surfaces including but not limited to walks and driveways) with ground cover or decorative rock, redwood bark and/or lawn.

City of Colton Municipal Code Requirements for Landscaping

2. Trees, shrubs, lawns and other plantings shall be maintained, including regular irrigation, pruning of trees, trimming of shrubs and cutting lawns.
3. Property shall be free of overgrown or dead vegetation, including but not limited to weeds, trees or limbs.

We Are Here To Help!
